CIRCULAR

Dear Parents,
Greetings from TWGS !!!

We are excited to announce an important event for our **Grade 6 to 8** students on **Saturday, July 6th**. As part of our ongoing efforts to raise awareness about hunger eradication, our students will be conducting and presenting their survey reports on food wastage in our school. This project aims to educate students on the importance of reducing food waste and finding solutions to combat hunger. Here is the schedule for the upcoming activities:

Grade 6:

Activity: Visit the school mess area after lunch.

Date: Monday, July 1st

Task: Students will observe and note the amount of food wasted and remaining unused. They will also interview the kitchen staff about common reasons for food wastage, track the types of food most often wasted, and suggest potential improvements.

Grade 7:

Activity: Visit the school mess area after lunch.

Date: Tuesday, July 2nd

Task: Similar to Grade 6, students will document food wastage, gather data, and interview staff. They will also conduct a survey among students about their eating habits and preferences to understand the causes of food waste.

Grade 8:

Activity: Visit the school mess area after lunch.

Date: Wednesday, July 3rd

Task: Grade 8 students will perform a comprehensive analysis, combining observations, interviews, and surveys. They will also propose actionable strategies to reduce food waste and increase awareness among their peers.

Presentation:

Date: Saturday, July 6th

Activity: Students will receive a format to fill out based on their findings and present their reports.

We encourage all parents to support their children in this valuable learning experience. Your involvement and encouragement will be instrumental in helping them understand the importance of this issue.

Regards

Principal
