CIRCULAR

Dear Parents,

Greetings from TWGS!!!!

We are excited to announce that on 17th August, our little artists from Grades I, II and III will participate in a Rakhi Making Competition at The Wisdom Global School. In line with our commitment to sustainability, we encourage you to send eco-friendly and biodegradable materials that can be regrown or reused. 🌱

Here are some examples of eco-friendly items that can be used:

Plantable Seed Paper: Rakhis made with seed paper can be planted to grow beautiful plants.

Jute or Hemp Twine: These natural fibers are biodegradable and sustainable.

Dried Leaves or Flowers: Adding a natural touch, these can be composted after use.

Bamboo Strips: A sturdy and sustainable option for making the rakhi base.

Cotton Threads: A biodegradable option that's also gentle on the skin.

By using these materials, our students will not only create beautiful rakhis but also contribute to a greener planet. 🌍 Let's make this Rakhi special and sustainable!

Thank you for your cooperation and support in making this initiative a success.

The timings for Saturday will be 10:30 am to 1:50 pm.

Regards

Principal
